LADIES—The word which heads this notice, will, perhaps, appear to you at first sight inappropriate and even foreign to the subject with which we associate it—but, on closer examination we think you will find it not only strictly relevant, bearing as it does the most intimate analytical association with the facts which are herein set forth, but it also illustrates in a manner forcibly lucid—such as no other word could possibly do—our resolute purpose in regard to merchandising this week. In the cycle of trade events, which have marked our proceedings this season, we desire to remind you that from the early part of this year we have gauged through the unerring searchlight of our large experience, the various trade conditions most likely to affect our customers' interests, and that our capital, our skill, and our energy have alike been assiduously mustered into the service of our customers is best attested by their daily increasing numbers at our store, by the corresponding increase in the volume and quality of our business, and the general, complete satisfaction which the public experience in all our business relations. We wish particularly to impress upon you that our use of the word "millennium" is not irreverent by any means—as we do not use it in the sense conveyed in the 20th chapter of Revelation—which is purely spiritualistic—whereas we merely employ the word in a secular or commercial sense, as being the most forcibly expressive word in the language to arouse the Public to the importance of the issues presented to them by us this week. It sounds like ringing the church bell on a great public emergency! This week's "Millennium" Sale we hold to be of the utmost importance to the public. Sands Bros. desire to make plain as a campfire on the summit of Mount Helena that the "Tornado Sale" of last week having shattered prices into fragments was only the precursor of our Millennium Sale this week.

Towels, Crashes, etc., have shared the same fate. In the Fancy Dress section, however, the destruction of prices becomes most apparent, whole lines of beautiful, expensive, exquisite Dress Goods being cut, and reduced in price until scarcely any price remains. The Silk department being in the fore front of the fight all week, prices are decimated beyond recognition, and we therefore award this department the post of honor in the diamond center of this sketch. It is our mode of conferring our Legion of Honor decoration on the Silk Department, because of its active, prominent and distinguished sales services this week. Distributing our merchandise, especially over the states of Montana, Idaho, Oregon, Washington, Utah and Dakota, and forwarding free of charge all purchases of \$5 and upwards, to any part of the United States and Territories, being now practically without any competitors in Helena, and feeling jubilant over the results of a successful season's trading, we enter upon our "Millennium Sale" with sentiments of the utmost cordiality towards our customers and the public.

N. B.—School term is at hand! Parents and guardians will do well to secure AT ONCE those remnants and odd lots for Children's Dresses which are piled on our "Millennium Sale" Bargain Tables this week.

Used three bottles of Electric Bitters and seven boxes of Bucklin's Arnica Salve, and his leg is sound and well. Unsalable Articles.

"You must get tired keeping all these trifles in stock," said a chance customer to a druggist, as he glanced over a showcase containing at least a score of small patented articles. "We do," replied the druggist, "yet customers come in every day asking for things that we have never kept, and we save hundreds of dollars' worth of unsalable articles on our shelves. The life of these patented trifles is ordinarily only a few years. They are widely advertised until they obtain a large sale. Then the advertising ceases and soon the sale languishes until the thing is no longer called for."

Of Interest to Mothers.

The success of Mrs. Annie M. Beam, of McKeesport, Pa., in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I know of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." 25 and 50 cent bottles for sale by all druggists.

The Chicagoans Won.

COWES, Aug. 11.—In the Cowes town regatta yesterday a crew from the United States cruiser Chicago was invited to contest a race for cutters, barges and pinnares of war yachts or training ships. Enties besides the Chicagoans were crews from the British vessels Mercury and St. Vincent. The Chicagoans won.

Well Known in Texas.

Mr. J. C. Roswell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhoea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. For sale by all druggists.

AFTER THE CHARTER.

The Pullman Palace Car Company May Lose a Big Asset.

CHICAGO, Aug. 11.—The attorney general of Illinois to-day filed a petition asking that the charter of the Pullman Palace Car company be declared void. The petition sets forth that the charter allows the company to purchase, control and convey such property as is necessary to prosecute its business. The corporation has far exceeded its privileges, the document declares. The petition declares that the company has practically usurped the powers of a municipality, owning numerous business blocks, residence and factory sites, and controlling stock in other corporations that furnish power to manufacturers.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. D. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy that he has used in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Parthen-D'Acheul Drug Co. Regular size 50c and \$1.

Overhead in the Park.

A young couple were sitting on a bench in Mount Morris park a few evenings ago, when the band struck up a well known operatic air, whereupon the young man remarked to his fair companion: "That's Balle's Bohemian Girl." "You mean that taffy-haired thing, with a red feather in her hat, over there near the band stand, chewing gum for all she is worth? Well, she has got an outlandish look about her."—Texas Siftings.

A Touch of Nature.

Simpkins—That Dander girl is getting to be a very clever pianist.

Pufferton—Yes? What is the clever performance this time?

Simpkins—She played a storm at the seaside last night with so much effectiveness as to bring out the life-saving co.—Brooklyn Eagle.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For dyspepsia, liver or kidney trouble it excels. Price 75 cents. For sale by Parthen-D'Acheul Drug Co.

Advice to Gothamites.

Undoubtedly the best place to kiss your wife on leaving the house is just behind the hall door. In exceptional cases it is perhaps permissible to repeat the operation on the front steps, but beware of the sidewalk in all cases, and especially if she is young and handsome. For there are times when publicity breeds envy.—New York World.
